Full Professional Proficiency

## SOFT SKILLS

Observation

Team work

Problem Solving

Decision making

Communication

Multi-tasking

## EDUCATION

### Bachelor of Engineering(CSE)

Anjuman Institute of Technology & Management, Bhatkal

07/2019 - 05/2023

Computer Science & Engineering

CGPA 7.4/10

### Pre University

Sidharth Pre University, Bhatkal

06/2017 - 06/2019

PCMCs

Percentage 74.66%

## PERSONAL PROJECTS

### Helmet Detection and License Plate Extraction using Deep Learning

We developed and implemented a deep learning-based system for helmet detection and license plate extraction in real-time. The project aimed to enhance safety and security in traffic management systems. Implemented object detection algorithms such as Faster R-CNN or YOLO to identify and localize helmets in real-time video streams.

### Hotel Management System

The project, Hotel Management System is a web based application that allows the hotel manager to handle all Hotel activities online

### Stockport Predictive - Twitter Sentiment Analysis using Machine Learning

Developed 'Stockport Predictive', a sentiment analysis tool employing machine learning on Twitter data. Analyzed user sentiments to predict stock market trends, enhancing decision-making. Leveraged natural language processing and data visualization for actionable insights.

## CERTIFICATES

### Google / Data Analytics Professional Certificate

Completed extensive six month job-ready Google Career Certificate training. Demonstrated hands-on experience with data cleaning, data visualization, project management, interpreting, communicating data analytics findings and fluency in computer programming language.

### Certification of Machine Learning with Python

Internship - Varcons Technologies Pvt Ltd Bangalore

### Internshala Course on Programing with Python

I have completed 6 week online Internshala course on Programing with Python
